SUMMARY

B.Tech graduate in Artificial Intelligence and Machine Learning with hands-on experience in Python, SQL, Data Analysis, Machine Learning, Deep Learning, and AI application development. Skilled in building data-driven solutions, predictive models, and computer vision applications. Seeking opportunities in Data Analytics, AI/ML Engineering, and Software Development.

PROJECTS

1. NutriPlan AI (Ongoing)

- Developing an AI-powered nutrition recommendation system using machine learning techniques.
- Analyzed user health and dietary datasets to generate personalized nutrition recommendations using machine learning techniques.
- Designed scalable workflows for health tracking and data-driven decision making.

2. Audio-Visual Deepfake Detection

- Utilizing CNN-based feature extraction for video frames and audio analysis
- Applying Transformer-based architectures for sequence modeling
- Focused on improving cross-dataset generalization and robustness
- Technologies: Python, PyTorch, OpenCV, Librosa, Transformer Models

3. Deepfake Face Detection using Machine Learning

- Developed and evaluated machine learning classification models for deepfake detection using OpenCV and Scikit-learn.
- Improved detection reliability to enhance digital media authenticity
- Technologies: Python, Scikit-learn, OpenCV

EDUCATION

Bachelor of Technology - Artificial Intelligence & Machine Learning (2022-2026)

APJ Abdul Kalam Technological University

- Mangalam College of Engineering
- Minor: Robotics and Automation

Higher Secondary (Class XII) – Computer Science (2021-2022)

Central Board of Secondary Education

- Sainik School Kazhakkotam

SKILLS

Languages Python, SQL, HTML, CSS, JavaScript

Tools/Frameworks Pandas, OpenCV, PyTorch, Matplotlib, Git

Databases MySQL

Other Skills Problem Solving, Adaptability in Tech Field, Data Analysis & Visualization

INTERNSHIPS & WORKSHOPS

- Successfully completed an internship in Robotics & Drone Development at Genzee
- Successfully completed a Robotics internship at TechMaghi
- Successfully completed a Self-Driving Electric Vehicle workshop
